

Donkey Basketball

On December 5, the FFA held their annual donkey basketball fundraiser. This year's fundraiser featured four teams: FFA members, OHHS Alumni, Skills USA, and Law Enforcement. Donkey basketball is similar to regular basketball, except in order to score, the player must be on top of their donkey. Two games were played to start the night off, with the two winning teams advancing to the championship game. The Alumni won their first game against Skills USA. In the next game, the law enforcement team defeated the OHHS FFA. "This fundraiser is great for FFA and it's also just a lot of fun playing basketball on a donkey." FFA member Carson Bragg said. After these two

games, kids were able to come onto the court and ride on the back of a donkey. To finish the night the Ogemaw Heights Alumni defeated the law enforcement team in the championship game.

Christmas Plays

On Wednesday, December 18, the first and second hour Theatre classes performed two shows for the Christmas season, *Yes, Virginia: The Musical* and *The Nick of Time Christmas Show*. They both performed in the morning and afternoon for the middle and elementary school students, and in the evening for the public. The second hour class also performed on Friday, December 20 for the high school students.

Yes, Virginia: The Musical is based on a true story about a little girl named Virginia O'Hanlon who wants to prove to her friends that Santa Claus is real, along with her best friend, Ollie, and her new friend, Scraggly Santa. She writes a letter to the editor of *The Sun*, who throws the letter away, not believing all of the nonsense she has read at first. After looking back on her behavior, the editor writes back to Virginia in an editorial telling her that Santa Claus is real, even if there never seems to be proof, he is real in children's hearts all around the world.

The Nick of Time Christmas Show revolves around a small theatrical troupe trying to put together a Christmas show, but as with any show, chaos ensues, such as there being no Christmas tree and the actor playing Santa Claus going missing. In the end, members of the troupe find a Christmas tree, and the Santa actor returns. The cast then celebrates with a big party.

Caity Ahearne (10) played the lead role of Virginia in the first hour show, *Yes, Virginia: The Musical*. Caity said that being in the class "has taught me how to recover from any on-stage incident and improvise through it, so knowing the background of my character can give me an idea of what I could make up on the spot." She praised the dancing in the show that was choreographed by Ivy Ingleson (12), and also the songs. Caity said that the best part about playing Virginia was "getting to be a little kid again." Her favorite aspect of the show was the ensemble members. "There were a group of dancing pigeons and different Santa Claus characters from different cultures that were cool to learn about, too," she explained.

Faith Kurtz (11) played the ditzy, yet stressed out, stage manager of the theatrical troupe named Red in the second hour show, *The Nick of Time Christmas Show*. Faith explained that "learning about voice projection and improvisation really helped me out with this show." Faith said that one of her favorite parts of putting the show together was finding out who got which role. "I just loved going, silently cheering everyone on because I knew they were perfect for each role. I can't wait until they actually perform it!" Faith also said that what she liked most about her role was how much of an airhead she is. "I think the audience is really going to love her funny moments!" Faith complimented the comedic aspects of the show, saying, "It's kind of this big disaster show, but it's really fun and hilarious to watch everything go wrong. I know the audience will love it, and hearing their laughter and applause makes me feel so great!"

Club Spotlight- FFA

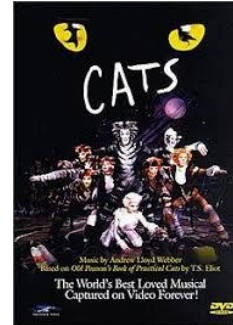

FFA stands for Future Farmers of America. This is an organization that builds leadership and responsibility skills for high school and middle school students. Each school consists of their own chapter which is their individual organization. There is also a regional chapter. FFA participates in leadership contests which involves public speaking, skills contests such as the decathlon, state and national conventions, and lastly, holding fundraisers like donkey basketball and the tractor drive. So far this year, they have accomplished the decathlon and donkey basketball. One of the members of FFA, Kayla Crocker (11) says their goals as a whole, this year are to get more people involved, educate about agriculture and that they are, "not just cows and plows!"

Frothy The Lame-man

The story of an off-brand snowman

Okay, it looks like we have everything... but what's missing?

I got it! He needs a hat, that's what brings Frothy to life!

Okay, the hat is on but nothing is-- FROSTY?!?

Hey kids! Actually... my name is Frothy, Frothy is my glorified cousin.

You have got to be kidding me!

Frothy was busy and asked me to fill in, he is not that cool you know, I am just as fun as he is!

What a rip off!

Yeah keep tellin' yourself that... we're out of here, c'ya Frothy the lame-man, HA! That was a good one.

Hey wait a minute! My arm... this happens every time! Uh... who are you?

Don't worry about it. Hey don't feel too bad, those kids are crazy, they tried to eat me last month. Good thing I was too speedy for them.
